By Allie Metz. Spring in most parts of Australia is from September to November. For the Northern Territory, September and October fall within the "dry season", while November marks the start of the "wet season", so if you're heading for Darwin or Kakadu, aim for early spring.. Travelling to Australia during shoulder season (spring and autumn) is generally cheaper and less crowded ...

Written using language suitable for beginning readers, this delightful fiction narrative will help cultivate a lifelong love of reading. It's also perfect for reading out loud!

Authoritative version contains complete Four Seasons plus the rest of Vivaldi's Opus 8. Includes new English translations of the original sonnets and extensive editorial notes on the composer's life and work.

One of the most popular of all violin concerti, this baroque masterpiece of "program" music was composed as a musical illustration of four sonnets. Painstakingly researched by baroque authority Dr. Eleanor Selfridge-Field, this miniature score edition offers a modern, authoritative, and up-to-date edition that incorporates Vivaldi's Italian descriptive notes directly in the music.

Unlike other vocabulary guides that require the rote memorization of literally thousands of words, this book starts from the premise that using the etymological connections between Spanish and English words "their common derivations from Latin, Greek, and other languages "is the most effective way to acquire and remember vocabulary. This approach is suitable for beginners as well as for advanced students. Teachers of the language will also find much material that can be used to help motivate their students to acquire, and retain, Spanish vocabulary. Spanish Vocabulary is divided into four parts and four annexes: Part I provides background material on the origins of Spanish and begins the process of presenting Spanish vocabulary. Part II presents "classical" Spanish vocabulary "words whose form (in both Spanish and English) is nearly unchanged from Latin and Greek. Part III deals with "popular" Spanish vocabulary, which underwent significant changes in form (and often meaning) during the evolution from Latin to Spanish. A number of linguistic patterns are identified that will help learners recognize and remember new vocabulary. Part IV treats a wide range of themes, including words of Germanic and Arabic origin, numbers, time, food and animals, the family, the body, and politics. Annex A: Principal exceptions to the "Simplified Gender Rule" Annex B: 700 words whose relations, if any, to English words are not immediately obvious Annex C: -cer verbs and related words Annex D: 4,500 additional words, either individually or in groups, with English correspondences
