This is the only book that completely lists accurate technical data for all cars imported into the U.S. market from 1946-2000. With many imports approaching the antique status, this book will be a big seller across all generations of car enthusiasts. From the grandiose European carriages of the late Forties to the hot, little Asian imports of the Nineties, every car to grace American roadways from across the Atlantic and Pacific is carefully referenced in this book. ɪmp;#x26amp;Foreign car devotees will appreciate the attention given to capturing precise data on Appearance and Equipment, Vehicle I.D. Numbers, Specification Charts, Engine Data, Chassis, Technical Data, Options and Historical Information. ɪmp;#x26amp;Collectors, restorers and car buffs will love this key book from noted automotive authors, James Flammang and Mike Covello.

A fully revised, updated edition provides authoritative evaluations of used car reliability and value, in a guide that includes helpful ratings charts. Original.

This compact book contains the best buying advice from "Consumer Reports" along with expert strategies for finding many products at the best prices. Includes advice for shopping online, by mail order, or in stores; lab test results; and a preview of the 2001 model-year vehicles.

Includes advertising matter.
