How to Use an Android Tablet (with Pictures) - wikiHow
Android Tablets For Dummies, 3rd Edition. No matter which Android tablet tickles your fancy, this hands-on, friendly guide takes the intimidation out of the technology and arms you with the confidence and know-how to make the most of your new device.

"Android is the operating system on a wide range of tablets, and it is one of the major players in this market. This determines the tablet's user interface and also a lot of its functionality. The latest version of Android is 7.0 Nougat and improves upon what is already the most widely used operating system for tablets. Android Tablets for Seniors in easy steps, 3rd Edition Looks at the range of devices available and their specifications and functionality. Explains the Android operating system and how to use it on your tablet in terms of navigating around, performing all of your favorite tasks, getting online and turning your tablet into a mobile library and entertainment center. Focuses on the latest version of Android, 7.0 Nougat, and shows the enhancements that have been made over previous versions, such as multi-view windows for viewing two apps at the same time, Quick Switch between apps, high-performance 3D graphics, a Doze feature for saving battery power, a new range of settings for customizing Android, replying to notifications without having to open a different app and enhanced safety and security features." --

Offers instructions on creating applications for Android tablets, covering such topics as coding, handling user input, data storage, and updating the Android status bar.

Your no-nonsense guide to making sense of Robert's Rules The classic Robert's Rules of Order has a proven track record of helping membership groups apply codes of conduct to serve as a parliamentary authority within a given assembly. Unfortunately, when read on its own, it can prove to be unclear and hard to follow for many organizations—and that's where this friendly guide comes in. This new edition of Robert's Rules For Dummies demystifies the often-confusing rules of parliamentary procedure in clear, simple language and shows you how to apply them within your organization in a practical and effective way. From procedures for proper nominations to handling elections and ballots, from conducting meetings online to voting by mail and email—and everything in between—this hands-on, plain-English guide makes it easier to apply the information in the most recent version of the rules handbook so you and your organization can start benefiting from it today. Contains updated content that conforms to changes in business meetings, including special rules for making group decisions in both real-time and non-real-time environments Covers new timesaving tips to make meetings more efficient in a world where everyone is pressed for time Provides sample agendas, minutes, scripts, and more Includes interactive online material for readers on the go If you want to keep meetings organized, efficient, and on track, Robert's Rules For Dummies has you covered.
