Singapore's leading tech magazine gives its readers the power to decide with its informative articles and in-depth reviews.

The book is targeted at American college students with three or more years of modern Chinese language instruction; its materials are sufficient for a semester's worth of classes that meet four times a week. Selections are primarily from local and overseas Chinese newspapers and magazines, and deal with topics related to the economic, cultural, social and political changes since the reform and opening up of China in the early 1980's.
