Quirk Owner's Manuals have taught readers how to 'repair' and 'maintain' babies, toddlers, dogs, and cats. Now we're tackling the biggest and most complicated 'appliance' of all your home! Through step-by-step instructions and techy schematic diagrams, The Home Owner's Manual explores hundreds of frequently asked questions: How can I drain the sludge out of my water heater? What makes my radiators 'hiss' at night? Is there any easy way to unstop a toilet? How can I fill a crack in my wall? And when should I seek professional help? You'll also find advice on inspecting a new home, moving in, redecorating, emergency maintenance, and much more. With plenty of helpful illustrations to guide you along, The Home Owner's Manual makes household maintenance a breeze.

Being a man in todays society is no easy task. Men are confused and worried about their role as lovers, fathers, protectors, leaders, bread winners and role models. In An Owners Manual For Men, men of all ages will find the answers to many of lifes big and little mysteries.

This step-by-step manual was developed to help people from all walks of life to achieve their health and fitness goals. Millions of people all over the world continue to suffer from preventable diseases such as hypertension, diabetes, and cardiovascular disease. Many suffering from these diseases experience increased healthcare cost, lowered quality of life, shorter life expectancy and many other ill effects of poor health. This book is aimed at arming people with the information that they need to reduce their risk of suffering from these debilitating diseases. Professional athlete, Health and Fitness Activist, American College of Sports Medicine Certified Trainer and National Academy of Sports Medicine Weight Loss Specialist, George Dorsey, created this manual to fill this information gap and to provide to everyone, the techniques, strategies and tools that health and fitness professionals use to create the most effective

Between your full-length mirror and high-school biology class, you probably think you know a lot about the human body. While it's true that we live in an age when we're as obsessed with our bodies as we are with celebrity hairstyles, the reality is that most of us know very little about what chugs, churns, and thumps throughout this miraculous, scientific, and artistic system of anatomy. Yes, you've owned your skin-covered shell for decades, but you probably know more about your cell-phone plan than you do about your own body. When it comes to your longevity and quality of life, understanding your internal systems gives you the power, authority, and ability to live a healthier, younger, and better life. The flagship book of the YOU series, which spawned three subsequent New York Times bestsellers, has now been expanded and updated to make you understand your body even better—perhaps too well. YOU: The Owner's Manual, Updated and Expanded Edition challenges your preconceived notions about how the human body works and ages, then takes you on a tour through all of the highways, back roads, and landmarks inside of you. In this update, the doctors have included a new chapter on the liver and pancreas, which will finally demystify the most exotic parts of our bodies; a new workout chapter that will finally get you moving; and nearly one hundred Q&As asked by you, the reader. It has also been updated throughout to give you up-to-the-minute know-how to not just understand what to do to keep fit, but also why and how. The book opens with a quiz, "How Well Do You Know Your Body?," which sets the stage for the following chapters. After taking the quiz, you'll learn about all of your blood-pumping, food-digesting, and keys-remembering systems and organs, including the heart, brain, lungs, immune system, bones, and sensory organs. Each chapter also contains common myths of the particular body part that the authors will debunk. Just as important, you'll get the facts and advice you need to keep your body running long and strong. You'll find out how diseases start and how they affect your body—as well as advice on how to prevent and beat conditions that threaten your quality of life. Complete with exercise tips, nutritional guidelines, simple lifestyle changes, and alternative approaches, YOU: The Owner's Manual, Updated and Expanded Edition gives you an easy, comprehensive, and life-changing how-to plan for fending off the gremlins of aging. To top it off, this new edition includes even more great-tasting and calorie-saving recipes as part of the Owner's Manual Diet—an eating plan that is designed with only one goal in mind: to help you live a younger life. Welcome to your body. Why don't you come on in and take a look around?

Keep your bike in mint condition with this visually in-depth manual for bicycle maintenance and care. Featuring CGI illustrations that can be viewed at any angle, The Complete Bike Owner's Manual shows every aspect of bicycle repair and maintenance. Each diagram and step-by-step instruction is shown more clearly than ever before in this book. Learn how to mend a tire puncture, build your own custom bike from scratch, or adjust your seat with The Complete Bike Owner's Manual. Find out which bike is right for you, know what questions to ask in the store, and make sure you know what to look for when purchasing a bike. The Complete Bike Owner's Manual is a complete reference of repairs and maintenance for the do-it-yourself bicycle owner. Check the diagnostic spreads, which go from symptom to solution and include a toolbox to show what equipment is needed for the repairs that will get your bike back on track. From cleaning your bike to brake repair to electric bike maintenance to assembling a custom mountain bike, The Complete Bike Owner's Manual is a friendly and informative guide to taking care of your bike.

Unfortunately, we human beings do not come with a ready-made Owner ' s Manual to guide us through our individual life journeys. So, we are left with the task of finding or creating one of our own. This book is the result of the author ' s own personal search for just such a set of guidelines. He offers it to you, the reader, as a possible starting point for your own personal search. Owner ' s Manual (Homo Sapiens) is a step-by-step guide designed to help the serious traveler on the journey of life to identify his or her life goals, to create a plan for achieving them, and to begin putting those plans into effect. It is written in plain, every-day language and is broken down into bite-sized, easy to digest chapters. The book is divided into a number of segments. It begins with The Basics, which suggests an overall life goal of personal happiness and provides a review of the underlying principles of human development. Next comes three segments that help the reader to begin to find the answers to three important questions: " Who am I ? " which uses a brief quiz game to identify the reader ' s personality type ; " What do I want ? " which uses a short, fill-in-the-blanks worksheet to clarify values; and, " How can I get it ? " which provides a detailed blueprint to aid personal development.

How do you fix your troubled adolescent? After years of working as an in-home therapist and probation officer, author William Glover grew frustrated with the conventional wisdom that said medication and/or therapy offered the only hope for angry, defiant, unmotivated, ADHD, ADD, oppositional, defiant, drug involved, juvenile court involved, and behaviorally handicapped kids. Based on his work with adolescents and their parents, he became convinced that the solution for the majority of troubled kids resided not with the professionals, but with the parents of these children. With this as a starting point, Glover began developing "The Adolescent Owner's Manual," a unique and effective resource designed to provide parents with the practical, common-sense tools and skills essential to parenting troubled adolescents.

If you've ever been attacked by a large man-shaped wolf, or perhaps you're just interested in the lifestyle of the Werewolf, then this book's for you. As a changeling myself, I wanted to learn more about my new change of life. This took a lot of time and research, and now I pass what I have learned on to you. WARNING: This book has bite to it. Read it if you dare!
