The falcons are introduced in the second book of the series, Snakecharm and are discussed in detail in the third book, Falcondance. Unlike the avians and the serpiente, who have forgotten much of their origins and all of their magic, the falcon culture has changed very little since the days after the Dasi split, to the point that they speak ha'Dasi (a variation of the Dasi's language ha'Shmla) [53] in everyday life.
