Jon Favreau stars in this bio-pic about the only undefeated world heavyweight champion in the history of boxing, Rocky Marciano.

Rocky Marciano (TV Movie 1999) - IMDb

Marciano still comes up a lot; "The Brockton Blockbuster" fought from 1947-1955, dying young at age 45 in a 1969 plane crash. He's part of American folklore, the heavyweight champion who was never...

A compelling portrait of an American sports icon retraces the rise of Marciano from obscurity to nail one of the greatest records in boxing--49-0.--while exploring his strengths and weaknesses as a boxer. (Sports & Recreation)

Sylvester Stallone's famous Hollywood franchise borrows its name from a less famous but very real man, Rocky Marciano. T'he Brockton Blockbuster' was the only undefeated heavyweight champion in boxing history. While Marciano's 49-0 record and knockout power make him a familiar figure in the annals of sport, his story, which weaves through the mafia's golden era in America, is more complex and

largely forgotten - compelling, heroic and ultimately tragic. This is the story of an incorruptible immigrant son who chased the American dream in the middle of the 20th Century, then lost it in a changing world in the 1960s. Marciano's story unfolds in the back alleys of New England and the musty gyms and Broadway lights of New York in the years after World War II, when boxing reflected the tremendous societal changes sweeping America. Marciano moved through a romantic era of guys and dolls, hustlers and gamblers, crusty trainers and sleazy managers, glamorous celebrities and notorious mobsters. Marciano's quest for perfection came at a price. The All-American boy achieved his dream only to retire from the ring while still in his prime. For the last decade of his life, he wandered America, disillusioned, untrusting, hiding his money, cheating on his wife, consorting with the mobsters he had loathed for corrupting his sport, until his death in a plane crash in 1969, the night before his forty-sixth birthday.

Say hello to Rocky Marciano, the world's only undefeated heavyweight champion, a guy called Rocky Marciano. With just a 67-inch reach, two left feet and under six feet tall, Marciano blasted his way to 49 wins, 43 inside the distance. You could knock him down but you couldn't knock him out. Marciano KO'd Jersey Joe Walcott in a 1952 thriller to become world champion. Defending his title five times, he brought the million-dollar gate back to boxing in 1955 when he crushed Archie Moore in his final fight. He then criss-crossed the U.S. making public appearances, for cash only. He built a network of friends, businessmen and Mob guys who willingly paid his way and flew him around. And that's how he died, hitching a ride in a plane that crashed in an Iowa cornfield in 1969, on the eve of his 46th birthday. His mantra was, "If you want to live a full life, then live dangerously." Rocky did that, all right!

Alan Scott Haft provides the first-hand testimony of his father, Harry Haft, a holocaust victim with a singular story of endurance, desperation, and unrequited love. Harry Haft was a sixteen-year-old Polish Jew when he entered a concentration camp in 1944. Forced to fight other Jews in bare-knuckle bouts for the perverse entertainment of SS officers, Harry quickly learned that his own survival depended on his ability to fight and win. Haft details the inhumanity of the "sport" in which he must perform in brutal contests for the officers. Ultimately escaping the camp, Haft's experience left him an embittered and pugnacious young man. Determined to find freedom, Haft traveled to America and began a career as a professional boxer, quickly finding success using his sharp instincts and fierce confidence. In a historic battle, Haft fights in a match with Rocky Marciano, the future undefeated heavyweight champion of the world. Haft's boxing career takes him into the world of such boxing legends as Rocky Graziano, Roland La Starza, and Artie Levine, and he reveals new details about the rampant corruption at all levels of the sport. In sharp contrast to Elie Wiesel's scholarly, pious protagonist in *Night*, Harry Haft is an embattled survivor, challenging the reader's capacity to understand suffering and find compassion for an antihero whose will to survive threatens his own humanity. Haft's account, at once dispassionate and deeply absorbing, is an extraordinary story and an invaluable contribution to Holocaust literature.

Keep Calm And Box Like Rocky Marciano: Rocky Marciano Designer Notebook Looking for the perfect personalized gift?! This awesome notebook is the best choice

The first volume of a biography on the former world heavyweight boxing champion Rocky Marciano. Volume One of Three focuses on the fighters life from birth in September of 1923 through to December 1949, paying close attention to his evolution through the Army and brief, but spectacular, amateur career before moving onto the formative stages of a profession that would see him unbeaten. This new second edition brings the authors original concept to print for the first time now complete with images. "None of us are perfect. Not even our heroes. Since the death of boxing's only undefeated heavyweight champion in the history of the sport, only six biographers have had the gumption to even attempt to put to page the life story of Rocco Francis Marchegiano, or, Rocky Marciano. And even then, most have either not had access to, looked the other way, or simply glossed over the human struggles that Rocky, like all humans, deal with. Until now. John Cameron has taken the task to show that the heart that beat within the chest of Marciano, the heart that refused to go down to defeat, the heart that overcame seemingly impossible odds, was indeed a human heart. And that doesn't make Rocky less of a hero, but in fact, makes him an even bigger hero, and one more accessible to us. John Cameron is to be commended for going where no one else would dare to go!" Chuck Marbry (Ring Talk Boxing Journalist) "Cameron writes movingly about Rocky's childhood and the lives of his parents, Pierino Marchegiano and Pasqualina Picciuto. Rocky was their miracle baby. Even at a young age the future heavyweight champion of the world revealed traits that would one day distinguish him from other fighters." John J. Raspanti "John Cameron has written a fine book on Rocky Marciano." Ferdie Pacheco "I expected a couple of morsels to nourish and delight, instead I got an epicurean feast of revelations...I think it is safe to say, you know more about Rocky Marciano than anyone." Phil Guarnieri "If you're a fan of one of the most famous fighters ever to put on a pair of gloves, Rocky Marciano, (then) the name John Cameron might become a familiar one to you soon...(the project) is obviously a consuming labour of love for the author" Ian McNeilly (BoxRecNews.com/Boxing Monthly).

Featuring fifty photographs by Stanley Baumann, as well as appreciation from a number of sportswriters, this vivid portrait of a sports legend chronicles the rise of Marciano, a man who entered the ring at the age of twenty-five and was at first considered too small to match up with heavyweights.
