When they make the sacrifice, they have no way of knowing just how much they will gain -- and how much they will lose. When Orson Scott Card's historical epic Saints was first published in 1984, it had to overcome many obstacles: The original publisher changed the title, gave it an unfortunate cover, and published it as a paperback original, almost guaranteeing that it would disappear without a trace. In

Where To Download Saints Orson Scott Card

spite of these obstacles, many readers discovered it and passed it from hand to hand.

Saints: A Novel: Orson Scott Card: 9781596060869: Amazon ...

"Saints" is an interesting novel by sci-fi author Orson Scott Card. But this book isn't sci-fi at all, it is pure historical fiction. The book is set in the Nauvoo era of LDS Church history. We meet (fictional) Dinah Kirkham in industrial England, where a series of tragic events leads her to Mormonism and emigration to Nauvoo.

Saints by Orson Scott Card - Goodreads

The first thing you learn in creative writing is to write what you know. Orson Scott Card has written some of the best creative fiction in our century and mostly he has used the observations and situations he has lived through, altered them for the genre he was in, and produced amazing results. Saints is a whole new order of writing what you know.

Saints: Orson Scott Card, A Full Cast: 9781441733542 ...

Saints is a historical fiction novel by Orson Scott Card. It tells the story of the fictional protagonist, Dinah Kirkham, a native of Manchester, England, who immigrates to the United States and becomes one of the plural wives of Joseph Smith, founder of the Latter Day Saint movement. Saints was originally published as Woman Of Destiny, contrary to Card's wishes.

From the bestselling author of the Ender Universe series comes Orson Scott Card's epic historical novel Saints When ten-year-old Dinah Kirkham saw her father leave their Manchester home in the middle of the night, she basked when he would be back. "Soon," he replied. But he never came back. On that night in 1829, John Kirkham laid the foundation of his daughter's certainty that the only person Dinah could ever really trust was herself. From that day forward, Dinah worked to support her family, remaining devoted to their welfare even in the face of despair and grinding poverty. Then one day she heard a new message, a new purpose ignited in her heart, and new life opened up before her. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Dinah Kirkham, a fiercely independent woman who has trusted only herself since her father deserted the family, now finds reason to trust in the Mormon faith and becomes a community leader.

Hédi Kaddour's poetry arises from observation, from situations both ordinary and emblematic-of contemporary life, of human stubbornness, human invention, or human cruelty. With *Treason*, the award-

Where To Download Saints Orson Scott Card

winning poet and translator Marilyn Hacker presents an English-speaking audience with the first selected volume of his work. The poetries of several languages and literary traditions are lively and constant presences in the work of Hédi Kaddour, a Parisian as well as a Germanist and an Arabist. A walker's, a watcher's, and a listener's poems, his sonnet-shaped vignettes often include a line or two of dialogue that turns his observations and each poem itself into a kind of miniature theater piece. Favoring compact, classical models over long verse forms, Kaddour questions the structures of syntax and the limits of poetic form, combining elements of both international modernism and postmodernism with great sophistication. Capturing Kaddour's full range of diction, as well as his speed, momentum, and tone, Marilyn Hacker's translations brilliantly bring these poems alive.

In Orson Scott Card's classic apocalyptic science fiction novel *The Folk of the Fringe*, only a few nuclear weapons fell in America--the weapons that destroyed the nation were biological and, ultimately, cultural. But in the chaos, the famine, the plague, there existed a few pockets of order. The strongest of them was the state of Deseret, formed from the vestiges of Utah, Colorado, and Idaho. The climate has changed. The Great Salt Lake has filled up to prehistoric levels. But there, on the fringes, brave, hardworking pioneers are making the desert bloom again. A civilization cannot be reclaimed by powerful organizations, or even by great men alone. It must be renewed by individual men and women, one by one, working together to make a community, a nation, a new America. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

"The classic of modern science fiction"--Front cover.

Ender's Shadow explores the stars in this all-new novel... At the end of *Shadow of the Giant*, Bean flees to the stars with three of his children--the three who share the engineered genes that gave him both hyper-intelligence and a short, cruel physical life. The time dilation granted by the speed of their travel gives Earth's scientists generations to seek a cure, to no avail. In time, they are forgotten--a fading ansible signal speaking of events lost to Earth's history. But the Delphikis are about to make a discovery that will let them save themselves, and perhaps all of humanity in days to come. For there in space before them lies a derelict Formic colony ship. Aboard it, they will find both death and wonders--the life support that is failing on their own ship, room to grow, and labs in which to explore their own genetic anomaly and the mysterious disease that killed the ship's colony. *Shadows in Flight* is the fifth novel in Orson Scott Card's Shadow Series. A haunting story of power and love--a tale of the man who would destroy everything he loves to preserve humanity's peace, and the boy who might just sing the world away.

'Card has exceeded his own high standards ... The man's versatility makes him unique.' - Anne McCaffrey For Step Fletcher, his pregnant wife DeAnne, and their three children, the move to tiny Steuben, North Carolina, offers new hope and a new beginning. But from the first, eight-year-old Stevie's life there is an unending parade of misery and disaster. Cruelly ostracized at his school, Stevie retreats further and further into himself - and into a strange computer game and a group of imaginary friends. But there is something eerie about his loyal, invisible new playmates: each shares the name of a child who has recently vanished from the sleepy Southern town. And terror grows for Step and DeAnne as the truth slowly unfolds. For their son has found something savagely evil . . . and it's coming for Stevie next. In People of Paradox, Terryl Givens traces the rise and development of Mormon culture from the days of Joseph Smith in upstate New York, through Brigham Young's founding of the Territory of Deseret on the shores of Great Salt Lake, to the spread of the Latter-Day Saints around the globe. Throughout the last century and a half, Givens notes, distinctive traditions have emerged among the Latter-Day Saints, shaped by dynamic tensions--or paradoxes--that give Mormon cultural expression much of its vitality. Here is a religion shaped by a rigid authoritarian hierarchy and radical individualism; by prophetic certainty and a celebration of learning and intellectual investigation; by existence in exile and a yearning for integration and acceptance by the larger world. Givens divides Mormon history into two periods, separated by the renunciation of polygamy in 1890. In each, he explores the life of the mind, the emphasis on education, the importance of architecture and urban planning (so apparent in Salt Lake City and Mormon temples around the world), and Mormon accomplishments in music and dance, theater, film, literature, and the visual arts. He situates such cultural practices in the context of the society of

Where To Download Saints Orson Scott Card

the larger nation and, in more recent years, the world. Today, he observes, only fourteen percent of Mormon believers live in the United States. Mormonism has never been more prominent in public life. But there is a rich inner life beneath the public surface, one deftly captured in this sympathetic, nuanced account by a leading authority on Mormon history and thought.
