Transformed by Don Juan from a bent, gray-haired old woman into a sensual sorceress whose mission is to test Castaneda, Dona Soledad turns her mysterious and awesome powers against Castaneda in a struggle that nearly consumes him

ENTER THE SORCERESS! Back from the abyss, Castaneda encounter his greatest test on the journey towards impeccability and freedom: to outwit and overpower the sorcery of Doña Soledad, herself transformed from a defeated and meaningless life to a warrior, a hunter and a "stalker of power." Now the combat will begin. Now the journey will continue. Till the last danger is faced...the final paradox embraced.

Millions of readers around the world have

been captivated by the writings of Carlos Casteneda. Now Tomas speaks to the compelling heart of that collective work through an inspirational commentary on the Toltec process of power.

Popular author and Jungian analyst Jean Shinoda Bolen blended psychology and mythology to explore the lives of modern men and women in her acclaimed Goddesses in Everywoman and Gods in Everyman. Now she looks to the richly mythic, multi-generational family drama of the Ring Cycle operas for archetypal truths and fundamental insights.

The first ring of force is the first book from "The Art of immortality" series. The book is devoted to the focal point of a human being: life and death. Three major types of magical arts are depicted in the book closely: 1. Art of perfection of the first attention's ring 2. Art of perfection of the second attention's ring 3. Art of unification of attentions to the first ring of force The book breaks the secrets of Toltec magic and a path of the warrior. The following subjects are considered in the book: 1. Freedom. Depiction of the world of Force, illusion of a choice and a path of the warrior 2. Internal Force, yin and yang, harmony of external and internal force of the human being 3. Myth about luminous ketatkoatle 4. Two ways of transformation

and the new intention - of the second attention 5. Force - the dark ocean of realization 6. Parasites and energy dependence 7. Heart - the main center of human energy. Heart's wings - opportunities that are opened by the heart. 8. Cross is the symbol of art of the energy entirety attainment 9. Breath moves the sun 10. Angel of death and realization of time - control's force to act and change 11. Fear is the first enemy of a human being, seven human intentions 12. Four power tests - losses, difficulties, uncertainty and resistance 13. To be the loser, the judge and the victim! 14. Abstract core of the Force's display 15. Eagle is the symbol of the Force 16. Action is the key to the change 17. Circle is a symbol of the stalker's force: to restrict yourself and to track down, Toltecs were drawing two circles - of intention and of action. Action's circle of Toltec is an order for the warrior! 18. The path of a warrior is individual! Always! For this reason, the warrior has no name! There are only the force, the party and the way. Fixation of oneself is a trap and a warrior has to avoid traps! Of individuality! To become a luminous creature, it is necessary to get gradually rid of anything personal and fixed! 19. The path of the warrior is the way of changing yourself (not the reality) These arts depict the secrets of human's psyche in detail and give a description of an individual interlink

between us and the Force of the Universe that guides all of us. Studying these arts uncovers an effective system of hidden magical capabilities development in each of us. Mastering these arts gives a human being an opportunity to realize himself as a part of the great evolutionary design and prepare himself for the acceptance of the "IMMORTALITY GIFT" that is obtained by each of us at the moment of meeting death. Value of the work, offered to the reader, consists in the deep research of the spiritual order system of the human, who has entered the path of the "warrior of an absolute freedom".

The area of personal and wireless communications is a burgeoning field. Technology advances and new frequency allocations for personal communication services (PCS) are creating numerous business and technical opportunities. It is becoming clear that an essential requirement for exploiting opportunities is the ability to track the dramatic changes in wireless technology, which is a principal aim of this book. Wireless Personal Communications: Research Developments places particular emphasis on the areas of signal processing, propagation and spread-spectrum, and emerging communication systems. This book contains new results on adaptive antennas for capacity improvements in wireless communication systems, as well as state-of-the-art information on the latest technical

developments. Also included are several chapters which discuss the impact of defense conversion on the wireless industry, and related competitive issues. The six parts of the book each focus on a distinct issue in wireless communications. Part I contains several tutorial chapters on key areas in wireless communications. The first chapter is on radio wave propagation for emerging wireless personal communication systems. Chapter two contains a comprehensive study of emerging DSP-based interference rejection techniques for single channel (antenna) systems. Chapter three deals with spread spectrum wireless communications, explaining the concept of spread spectrum, modeling techniques for spread spectrum, and current applications and research issues for spread spectrum systems. Part II focuses on digital signal processing and spread spectrum, two means of creating interference and multipath robust communications. Part III concerns propagation aspects of wireless communications. Part IV discusses the performance of emerging wireless systems. Part V describes the opportunities and pitfalls of defense conversion from the perspective of several U.S. defense firms that have successfully made the transition to commercial wireless. The final section discusses a number of competitive issues regarding personal communication services.
