~~Love cannot be defined by age or time, but by the way that person makes you feel. He made me feel completely vulnerable, but vulnerability I have learned is a gift, one that I will gladly accept from Madison Raine." Kayla Madison had irrevocably changed me. He opened me up to feel things I had never felt, and he never judged me for my past. In the short amount of time I had known him, I had fallen in love with him and everything he encompassed. He showed me how to live, how to enjoy life, but best of all, he showed me how to love. They say bad things happen to good people, well that saying rang truer to me now than ever before. Madison is gone. He is off at school in Arizona, and I just couldn't bring myself to leave with him. That was my first mistake. See the thing about trouble is, it will always find you. Trouble found me the night he left, and that night forever changed me. Now I am fighting my way back, alone. Madison Leaving Kayla was one of the hardest things I had ever had to do. To say I regret my decision to leave her behind, would be an understatement. My world shifted when I met her and I would forever be changed. Everything felt different now that I was away, everything with her at least. Something was wrong, I could feel it. I needed to go to her to find out what this feeling was, but would she trust me enough to tell me, and could I trust her to forgive me. "When life, love and heart breaking circumstances stand to pull apart a bond so strong, what do you do without trust?"~~

~~- Haven - I felt like I was living in a prison while watching Raine Carson from my window, studying his sexy, tanned, and muscular physique for six long months. From inside of my house, he was perfect. Then I found out everything looked different from afar. Raine, a blunt and hot tempered man was living a life he wasn't proud of, and I found myself oddly attracted to the sickening reality he opened my eyes to. - Raine - She thought I'd fall for her seductive ploy and scarlet-glossed lips. She was right. Every person in this small town had something negative to say about Haven Leigh's life—the girl who had been handed everything on a silver platter. I ignored the rumors, and instead, searched for her truths. While struggling with disabling side-effects left behind by my coke-addict mother, Haven became the hope I needed. She was the good I wanted to be. But, as it turns out, she was the trouble I should have stayed away from.~~

~~EARTH ' S DARKEST HOUR IS ABOUT TO GET DARKER. The outbreak killed many and forced the rest to evacuate towns and cities. In the Midwestern United States, a refugee camp shelters hundreds of survivors from the harsh reality of the new world. But how safe are they? Some suspect that their military overseers aren ' t being completely honest with them. Others know more than they are willing to admit. The Graham family are about to have any semblance of security ripped away. Together with their new found allies, they will have to learn how to survive in the realm of the dead, where there ' s nowhere to hide and human flesh has become the ultimate prize.
